INCIDENTS OF HEROISM
AT SEICHEPREY TOLD.

Detachment Cut Off Refuses Surrender
and Fights to End; Cook Deserts
His Pots to Shoot Huns.

WITH THE FRENCH ARMY IN FRANCE, April 23.—The valor and steadfastness of the American troops during the German attack at Seicheprey last Saturday is given unstinted praise in a report forwarded to the general commanding by the colonel of a French infantry regiment which took part in the Seicheprey engagement.

"I visited Renneres wood after the counter-attack in which the position was recaptured and examined the situation in detail," says the report. "Everywhere traces of hand-to-hand fighting show that the American soldiers, despite two hours of heavy bombardment by large caliber guns, defended themselves valiantly.

"In the vicinity between the front trenches and the communication trench connecting the Jure and Renneres woods, two American machine gunners died fighting on their weapons, after covering the ground around with German dead. The enemy suffered great losses, thanks to this heroic resistance.

"Everywhere there are signs of German wounded having been carried off, while many German bodies remain because the retreating enemy was unable to remove them. Numbers of the dead belong to German storming detachments.

"The French soldiers who joined in the fight declared that the Americans displayed a splendid spirit of combat. They relate that north of Seicheprey an American detachment was separated into small groups and was cut off from its company throughout the fight.

"Behind the Americans and on their left flank were German units, but they could have reached the right. However, they elected to stick and fight.

"FIGHT TO DEATH.
In Seicheprey a squad of American soldiers found several cases of grenades with which they put up a terrific fight and held out the entire day on the northern extremity of the village. They refused to surrender when summoned to do so, and at the end of the fighting only nine of the original twenty-three were left. A cook, surprised by the Germans and half stunned by a blow from a grenade, seized a rifle and continued fighting until he was dead.

Toward evening a hospital which had been established in Seicheprey was blown up along with the doctors and ambulance men. The chief surgeon of the American regiment engaged, hurried to the spot, with French and American ambulances as soon as he learned of the occurrence. The rescue party passed through a severe barrage fire, but eventually reached the village where they attended the wounded for many hours under a heavy enemy fire.

An American lieutenant with only six men patrolled 400 yards in front during the entire day and maintained communication with the battalions on his right and left. Many other incidents of bravery are recorded by the French.

TRADITIONS UPHOLD.
WITH THE AMERICAN ARMY IN FRANCE, Tuesday, April 23.—The shell-torn village of Seicheprey, around which centered the hardest fighting in the recent heavy German attack on the American positions appears to be destined to hold a proud place in the story of American participation in the world war. As further details of the engagement became known there are disclosed deeds which are fully in accord with the finest American traditions.

The correspondent is now permitted to tell of a heroism which will convey an idea as to the mettle of the men. One of them, David Griggs of East Hampton, Ct., passed through the enemy barrage at least seven times to carry ammunition to his hard-fighting comrades. He was partly buried by earth overturned by shells falling all around him, but he kept at his task. Griggs, who is 39 years old, was so modest that he would not tell his story, but insisted on speaking of the bravery of others. Finally one of his comrades pointed him out and said:

"That is the bravest man in the regiment."

TWICE BLOWN UP.
Raymond A. Ferris of Medford, Mass., acting as a courier, was blown off the road twice by the concussion of shells. Although stunned and nearly crushed by the intensity of the gunfire when he reached the point in the rear of the line to which he was sent for ammunition, he carried out his orders. Then he asked for a revolver, saying he wanted to go out and fight the Germans, but he fainted from exhaustion. When he regained consciousness,

again established a high record for the volume of advertising printed on April 21, 1918.

The total advertising printed in the city's newspapers on the foregoing date was 21,565 inches, of which The Times had approximately one-half.

The following are the figures showing the amount of advertising inserted in each of the local newspapers on Sunday last:

The Times	10,448
The second newspaper	7,131
The third newspaper	3,984
HIGHEST IN "WANT ADS"	
The Times	2,156
The second newspaper	1,235
The third newspaper	624

An ad in The Times is an investment. It is not a speculation, because it reaches the readers in their homes—readers who are the backbone of the community.

WOOL TO BE TAKEN
BY THE GOVERNMENT.

WILL PAY JULY 30 PRICE ON
RAW PRODUCT WAREHOUSED
AND BEING CLIPPED.

WASHINGTON, April 24.—The government has decided to take over all raw wool now held in warehouses at the price prevailing on July 30 last. If holders do not agree to sell at that price the wool will be commandeered.

Wool that is now being clipped in the West also will be taken. The government will use a large part of the wool for uniforms and will distribute the remainder among dealers for civilian needs.

The country's looms, with 40 per cent of their facilities now engaged on government work, will be required to give 40 per cent of their output to the government. Civilian consumers will get the remainder.

Maj.-Gen. Goethals, acting quartermaster-general of the army, recently sent notice to all the wool-producing centers that 1918 clips should not be disposed of within the next thirty days, during which time the government will determine its exact needs.

Guarantee of a stipulated price for raw wool has been given to a series of separate conferences of representatives of the National Wool Growers Association and leading wool dealers with the pricing committee of the War Industries Board.

The wool growers have been since Saturday, meeting daily with the committee, and yesterday representatives of the wool growers were called in by the committee.

By the stipulated price it is intended that growers will receive a sufficient profit to stimulate production and wool dealers will be assured a price that will cover their overhead expenses and a small margin of profit.

Enemy Attacking South of
the Somme but Objectives
are Limited.

WITH THE BRITISH ARMY
IN FRANCE, April 24, 2 p.m.—Hard fighting developed this morning on the southern battle front, the enemy attacking south of the Somme, along the line of Villers-Bretonneux, Hangard-en-Santerre, Haillies and Castel. Early developments indicate that the Germans were trying only for limited objectives.

On the British sector, Villers-Bretonneux, which nestles on a ridge overlooking the long stretch of the Somme Valley, was the storm center and here the enemy for the first time since the war began had tanks in action. Three of these engines of war accompanied the storming infantry, which at latest reports had battled forward into the eastern outskirts of the town, where severe fighting took place.

French sector came word that the Germans had made very slight progress. The assault was preceded by a heavy bombardment about Villers-Bretonneux. At the conclusion of the preparatory bombardment, the British forward along the whole British front south of the Somme, although it seemed evident that the Germans were aiming at their ultimate goal, because of its dominating position.

The first attack was thrown back, but the enemy immediately came forward again and this time met with more success. In the face of heavy machine gun and rifle fire the Germans pushed on the town, three tanks leading. The British were slightly, and the enemy got a footing in the eastern fringe of the town.

PUT UP S.O.S.
Farther north, a little above the Albert region, the British infantry put up a S.O.S. for artillery protection about 4 o'clock this morning and what appeared to promise a serious attack began to show. It turned out to be nothing more pretentious than an attempted raid, but the British artillery smashed the enemy infantry as they were leaving their trenches.

Between Robecq and Giverny-les-Les, the British were shelling the morning and the Germans made a small attack, but it was repulsed. The British were quickly stopped by the British fire.

The British carried out minor operations at Giverny, which resulted in the recapture of a strong position and breaking of Haig's army hinge at Giverny, and to penetrate Ypres defenses by capture of Mont Kemmel. Artillery duels reported over entire front.

Haig reports loss of Villers-Bretonneux, after all-day battle, but asserts Huns were repulsed at important points and in some instances counter-attacks were repulsed.

Greater part of Ostend Harbor is blocked by ships loaded with cement and sunk in the harbor by British sailors. Canal at Zeebrugge drained by blowing up of gates by other raiders. A clear break in the Zebrugge mole was shown by aerial observation.

The German Minister leaves The Hague and at the same time the Dutch Minister leaves Berlin. The land and Germany reported at the breaking point, although Germany's demands have not been made clear to the Allies.

GERMANS AGAIN HAMMERING
AT FRONT DOOR OF AMIENS.

AFTER three weeks of preparation on the Somme, during which time they launched an offensive in Flanders, the Germans have resumed their hammering at the front door of Amiens, says the Associated Press. For days there has been heavy artillery firing along the northern sectors of the Somme salient, and finally the German infantry began their attempts to advance on the line passing Villers-Bretonneux, Hangard, Haillies and Castel.

The first attacks were repulsed, but subsequent attacks centered about Villers-Bretonneux have caused a British withdrawal from this village, according to a report from Field Marshal Haig. This marks a German gain of about a mile.

VILLERS-BRETONNEUX ELEVEN MILES FROM AMIENS.
Villers-Bretonneux is about eleven miles directly east of Amiens and is on the northern end of the latest fighting front. It is situated between the Somme and Luce rivers, and while it is flanked on the south by low-lying ground it is backed by rolling hills to the west and northwest.

The fighting on the rest of the front where the Germans have resumed their drive toward the Allied base of supplies in Northern France has not, so far as known, resulted in any notable retreats on the part of the Allies. The German official report issued on Wednesday was silent as to events in this sector of the front.

GERMAN ATTACK EXPECTED; WILL BE MET.
An attack on this particular part of the line in the Somme region had been expected, and it is probable that preparations to meet it had been made. The British lines held firm in this region during the last days of the initial drive, while the Germans were able to forge ahead further south until they reached the village of Castel, about three miles northwest of Ypres. Savage fighting is reported at various points along the line from Baillieu to Merville and Berlin claims that heights to the northeast of Baillieu have been stormed. Coincident with these attacks there have been assaults on the British forces near Bethune, along the Lave River, but these have been repulsed.

LANDING AT ZEEBRUGGE DESCRIBED BY MARINE.
LONDON, April 24.—A young marine who took part in the fighting on the mole at Zebrugge described his experiences to a Central News correspondent at a Kentish port as follows:

"I certainly had a hot time. I shall never forget it. It was all pitch dark until we got right into the harbor, and then the place suddenly became light with star shells as the fun started.

"Looking back ahead of us was a German destroyer evidently getting under way. We put on full speed and rammed her amidships, cutting her in half. As she sank we steamed alongside the mole quickly, put out gangways and rushed on to the mole. By that time it was raining hard.

"The first thing my party encountered was a giant, who came out of the semi-darkness and lunged at our nearest. Before he could get in a blow our captain knocked him on the head with a heavy truncheon, and he sank down dead.

"Next we saw another German destroyer tied up on the side of the mole. This we destroyed. We

BRITONS ACCEPT DEATH
TO BLOW UP HUN CANAL.

LONDON, April 24.—Articles by naval writers and editorialists in the morning newspapers eulogize with natural pride the volunteers who carried out the risk-galled Zebrugge and Ostend and discuss the probable effect of the enterprise. Lieut. Hobson's feat at Zebrugge is recalled as a notable precedent, but the landing on the beach at Gallipoli is regarded by some writers as the only real parallel.

Zebrugge is expressed as to the fate of the crews of two old submarines which were assigned to blow up the piling at the approach to the mole at Zebrugge. Their devotion to duty appeals to the imagination of the writers, for it is said that they voluntarily accepted almost certain death, and that only by something akin to a miracle could those who remained aboard to explode the charges have survived.

Stories of survivors who have arrived at Dover dashed with belief.

WAR OFFICE
STATEMENTS

LONDON, April 24.—Strong German attacks developed last evening in the neighborhood of Dranscourt on the Flanders front, but were repulsed by French troops, the War Office announced.

Heavy infantry attacks are reported to be in progress this morning in the Albert sector, north of the Somme, and also between the Somme and the Aves rivers.

The French and British artillery inflicted severe losses on the Germans in the Flanders attack. On the front northwest of Albert a German attack early yesterday evening was repulsed.

The hostile artillery activity increased yesterday afternoon and evening on the greater part of the British front, particularly in the Somme and Aves sectors in the valley of the Scarpe, and in the second north of Bethune and north-northeast of Baillieu.

"At dusk hostile infantry left the French lines in the neighborhood of Albert, but met with heavy rifle and machine-gun fire and were driven back.

"Strong hostile attacks developed also late in the evening in the neighborhood of Dranscourt and were repulsed by French troops. The sharp fighting, French and British artillery inflicted severe loss on the enemy.

"During the night the activity of the enemy's artillery continued and at an early hour this morning a heavy bombardment was directed against the whole British front from north of Albert to the junction with the French, south of the Somme. Strong infantry attacks are reported in progress in the Albert sector, between the Somme and the Aves rivers.

"Heavy hostile shelling is reported to have taken place also early this morning between Giverny and Robecq. Concentrations of hostile infantry in the neighborhood of Merville were dispersed by the artillery."

PARIS, April 24.—The German artillery is conducting an extremely heavy bombardment of the Franco-German front, between the Somme and the Aves, in the region of the Somme. Strong infantry attacks are reported in progress in the Albert sector, between the Somme and the Aves rivers.

"An intense bombardment of the Franco-American positions south of the Somme and on the Aves was reported from the region of the Somme. Strong infantry attacks are reported in progress in the Albert sector, between the Somme and the Aves rivers.

"The fighting was less violent in the neighborhood of Haillies. Several enemy assaults directed against the ridge east of the village were broken down by our fire and counter-attacks.

"Further to the south the Germans were actively checked in their attempts against Senecourt wood and Hill 32, which remained entirely in our possession.

"On the right bank of the Meuse the artillery was quite active. "Eastern theater, April 23: Very spirited fighting was reported in the various sectors. The day was marked by a series of successes for our troops. West of Dolan, British detachments penetrated the Bulgarian trenches on an extended front; they destroyed shelters, pushed the enemy from the line of heights which dominate the right bank of the Vrbia Valley, and pushed back the occupied villages of Sale and Strica, taking prisoners. On both sides of the Cerna Bend and on the Serbian front we repulsed enemy attacks, notably a new attempt by the Bulgarians to retake the work which the Serbians captured on April 21."

The reference in the official statement issued by the French War Office to the capture of the Americans troops which were moved from the southern sectors of the battle line to parts of the front which were hard pressed during the great German drive through Picardy. It has been known that they were somewhere in the battle area since April 8, when Stephen Pichon, Foreign Minister of France, speaking at Paris, spoke of the Americans "fighting in Picardy and sacrificing their lives to drive the enemy from our land."

On April 19 dispatches from both the French and British headquarters in France reported the arrival of the American troops. They were sent to the time when the French extended their lines far to the north of Montdidier. The French official statement may indicate that Americans did not move to the north when the British forces were repulsed by the French but the positions to which they were originally assigned.

WILL HANDLE OUR MEN.

LONDON, April 24.—Preparations are being made by the American Red Cross to handle the American wounded from the troops brigaded with the British forces on the western front.

The wounded from these units will be brought to England with the British wounded and sorted out after they reach this side of the English Channel.

American Red Cross officials say they expect to take over several hundred severely wounded American soldiers and to use especially for this work.

[BY ATLANTIC CABLE AND A. P.]
ROME, April 24.—Quite severe fighting in the Asiago basin, west of the Brenta River, is reported in the official statement issued by the War Office today. The statement reads:

"In the Asiago basin, British reconnaissance patrols attacked enemy detachments which attempted to move on. Before our lines at Canove, the enemy was forced to retire, leaving behind a number of dead. Later on, hostile groups advanced toward Mt. Kober, where they were repulsed in disorder by our lines south of Montebelluna. An attack on the mountain was repulsed and dispersed by hand grenades.

"On the other sectors of the front, there was patrol activity on both sides. Our forces captured several machine guns and rifles in the Asiago district.

"Four enemy airplanes were shot down by British aviators."

VS. Silk Hose.High School Girl Receives
Verbal Trousing.Students Don New Uniform, to
Visit Los Angeles.Principal Wilson Reports on
Thrifty Stamp Sales.PASADENA, April 25.—Because
a girl student from the Pasadena
High School told Miss Andrus, principal
of the Lincoln High School in
Los Angeles, that she had the money
to purchase silk stockings and
intended to wear them, the Pasadena
student received a verbal trouncing
and as well a lecture on patriotism.
It was reported here yesterday by
members of the Board of Education.
A committee of six girls from the
local High School were taken to
Los Angeles by Miss Andrus, the
principal, George R. Bickley,
president of the Board of Education;
Dr. Jeremiah M. Rhodes, superintendent
of schools, and Mrs. George
R. Dane, member of the board. The
purpose was to give them the opportunity
to observe how the students of
a uniform dress worked out at
the Lincoln High School.
The plan of the Board of Education
to make the girls students wear
a blue skirt and middie blouse has
met with opposition among the
students of the Pasadena school. Miss
N. G. Clarke, student counselor and
teacher, and the High School, appeared
before the Tuesday meeting of
the board and the Pasadena students
were granted the privilege of
voting as to whether they wanted
to wear the prescribed costume or
not, as well as to make the choice
of a serge or white skirt.
The assembly was to have been
called yesterday morning, but when
it was learned that a number of the
radical girls had formulated a plan
to defeat the measure, Principal
Wilson picked a representative number
of the girls from his classes and
they were taken to Los Angeles. It
is said that the Pasadena students
administered to the girl with the
fondness for silk hosiery will have
a favorable effect. The vote will
be taken by the students this morning.
Principal Wilson reported that
during the past eighteen-day campaign
that the High School had sold
Thrifty Stamps to the value of
\$7500. The total for all Pasadena
schools is now over \$15,000.

CHINESE LOS HORSES

MME. MELBA LEASES HOUSE.

SANTA BARBARA, April 24.—Mrs.
Melba has leased the house of
William Miller Graham house at
Booth Point, Montecito. Her ar-
rival is expected soon. The Van-
derbilt family has been here for
some time, and last season the C. K. G.
Billings resided there.PASADENA, April 25.—Despite
the suggestion that Riverside would
be the laughing stock of the State
should the proposed ordinance for
the protection of public morals be
adopted in the form drawn by the
City Attorney, the City Council to-
day adopted the measure without a
dissenting vote.The clause first objected to by
some of the Councilmen and others,
makes it unlawful "to indulge in
kissing, hugging, fondling, embrac-
ing, spooning, promiscuous kissing,
etc." in public places, such as parks,
walks, drives or streets.An interesting question regarding
the right of the Mayor to veto a
resolution awarding a contract for
improvement work has been referred
to the City Attorney for an opinion.
The Council recently adopted a res-
olution awarding a contract for the
construction of a sewer to the
Johnson-Shea Company, Mayor
Forster vetoed the resolution, the
Council for the bid was too high.
Crouch, of Los Angeles, hold to
the view that since the resolution
intention declared that the work
should be done under the improve-
ment act, the Mayor has no right to
provide that any resolution may be
voted by the Mayor, the charter
provides that the Mayor shall
appoint and remove the City Treas-
urer, and the City Engineer, and
Harry N. Dunbar was appointed
City Treasurer today to fill the vac-
ancy caused by the death of N. A.
Jacobs, whose funeral occurred this
morning. Mr. Dunbar has been fill-
ing the position of deputy treasurer
during the illness of Mr. Jacobs, and
for many years served the city in
the capacity of Park Superintendent.MILITARY PARADE TO
FEATURE BOND DRIVE.REDONDO BEACH, April 24.—A
big military parade in the interest
of the third Liberty Loan will be
held in this city next Saturday af-
ternoon. The parade, which will
make its way through the principal
streets of the city, will commence
at 2:30 o'clock and wind up at the
band stand on El Paseo, where Lib-
erty Loan speakers will address the
public. The committee is attempt-
ing to secure Capt. David Fallon,
who will appear in Chautauqua in
the near future as the principal
speaker.The parade will be led by the
Submarine Base Band from San
Pedro, consisting of twenty-six
pieces, and 250 sailors from the same
base. The police department, the
fire department, the students of the
Redondo Union High School and the
pupils of the grammar schools will
take part in the parade, as well as
hundreds of other persons.The school children are now pre-
paring banners for the occasion, and
will sing patriotic songs during the
parade. A number of the children
will be delegates to the Thrifty
Stamps, and this feature will not be
overlooked.Refreshments in the picnic grove
will be served by the ladies of the
Fourth District Liberty Boys' Club.CASTOR BEAN CULTURE.

RESIDENT CONFESSES ROBBERING HIS OWN BANK.

W. Phelps, Head of National Bank of Riverside, Jailed Here for Large Forgeries—Loss Covered.

Confessing at a meeting of the board of directors that he had forged and discounted \$16,000 of his own bank's notes, W. Phelps, president of the National Bank of Riverside, yesterday was committed to the County Jail here, where he was held for an early hearing, during which he intends to plead "not guilty." Mr. Phelps confessed that he had forged and discounted \$16,000 of his own bank's notes, and that he had used the money for his own purposes. The bank's loss was covered by a \$15,000 indemnity policy.

Mr. Phelps was discovered by the bank's directors at a meeting of the board of directors, which was held at the bank's headquarters in Riverside. The directors found that Mr. Phelps had forged and discounted \$16,000 of his own bank's notes, and that he had used the money for his own purposes.

MARRIAGE SHIP AGAIN BEACHED

Twice Married, Capitalist's Daughter Asks Divorce.

"Can't Get Along," Husband Says, with Emphasis.

Files Cross-Complaint, with Children as Issue.

Twice married and once divorced, Lynn F. Reynolds and his wife, Mrs. Louise Laylor Reynolds, daughter of a Denver capitalist, are going to make it two all around by getting divorced again, it developed yesterday. Mrs. Reynolds is the plaintiff this time.

It was on the occasion of the second marriage, Thanksgiving Day, 1914, at the residence of Mr. Reynolds, No. 1234 Cahuenga avenue, that the story of the ups and downs of the two, beginning with the hasty marriage of a wealthy and petted society girl, was revealed. The union was brought about, it was then stated, because of the small son, David John, then 3 years of age.

Mr. Reynolds filed a cross-complaint, following his wife's suit, which is based on the grounds of incompatibility, and both are asking for the custody of the child. Mr. Reynolds stated yesterday, however, that he will be content if allowed to keep little David, who has been temporarily assigned to his father's care and is now at Mr. Reynolds' home in Glendale.

At the time of her first marriage, Mrs. Reynolds, who had been Louise Laylor, daughter of J. H. Laylor, wealthy manufacturer of Denver, was 20 years of age.

Mr. Reynolds, who is two years her senior, was a young business man at the time, with an income of about \$1000 a year. This proved insufficient for the needs of the young couple, and less than two years after their marriage, November 4, 1911, came a financial crisis.

This, with other complications, caused the troubles which ended in the divorce court early in 1913. But, though nothing was said about it until the time of the second marriage, the two had reached a secret understanding. "That agreement was that if I should go away and make good we would be married again," Mr. Reynolds said.

Although he almost starved at first on the pay of an "extra," the young husband finally reached the vantage point of all debts paid, with a satisfactory livelihood assured as director of a motion-picture company.

SACRIFICES TO GROW NATION CASTOR BEANS.

DECLARING that the question of cost and profits is of secondary consideration in a project of such importance to the government, Thomas Carey of this city, has pledged himself to plant 350 acres of valuable land in the San Fernando Valley to castor beans.

The land, Mr. Carey stated to representatives of the California Castor Bean Association, which holds the general planting contract for the 10,000 acres of the beans allotted by the War Department to this State, would produce much higher returns from other crops, but is needed for the beans on account of the slowness of owners of poorer ground to respond to the government's plea for castor bean planting.

Mr. Carey is now making arrangements for labor and seed. Bearing a message direct from the government, Capt. H. L. Seale, Signal Corps, U.S.A., will address farmers, ranchers and others interested in the growing of castor beans tomorrow morning at 10 o'clock at the Chamber of Commerce Building. Capt. Seale will explain the government's plans and needs with respect to castor bean cultivation and will clear up many points that have puzzled prospective growers of this crop.

Castor oil is vitally needed as a lubricant for the new Liberty Motors which are going into the great numbers of the government's fleet.

COUNCIL MAY RETRACT SUNDAY-CLOSING STEP.

Repealing Measure will be Introduced Today, but Fate's Uncertain.

REALIZING the absurdity of the recently enacted Sunday-closing ordinance, several members of the Council asserted yesterday that they are ready to vote for its repeal. President Farmer said he would have a repealing measure introduced in the Council meeting this morning, the proposed ordinance having been prepared late yesterday by the City Attorney.

In the ordinance is repealed a substitute measure which was presented. It was drafted upon the recommendation of the Council's committee on the subject, which was introduced by a second separation, followed.

Whether a majority of the Council members will support the repealing ordinance is questionable because the Health and Sanitation Committee has announced that it will offer amendments to the original measure, rather than recommend that it be repealed.

The proposed amendments, if the committee does not change its views, will permit public utilities to operate, but prohibit the sale of candy, fruit, peanuts, popcorn or cigars on Sunday.

The substitute ordinance prepared at the behest of the Farmers' Union will permit the kiddies to have their popcorn and candies on Sunday and the smoker to buy tobacco, but in other essentials it is very similar to the original.

GOVERNMENT SHIPYARD LIKELY TO COME HERE.

Labor Troubles Bar Northwest, in View of Shipping Board—Commission on Way Here to See Sites.

Prospects Bright.

WORD was received here yesterday that E. E. Parker, Jr., W. H. Hubbard and R. J. Wier, the last of whom was present for the government at the launching of the concrete ship Faith, and all representing the Emergency Fleet Corporation, are on their way to Los Angeles to look over possible sites for government shipyards which are to be built as a result of the provisions of the \$50,000,000 Appropriation Bill now before Congress.

Senator Jones and Congressman Albert Johnson of the State of Washington have been notified by the Shipping Board that the Northwest can expect no more shipbuilding contracts or shipyard contracts as long as labor troubles and the D.W. menace exist in the Northwest. Senator Poinsett brought out these conditions in his recent speech in the Senate and these facts aroused the Shipping Board. The board has also a committee consisting of F. R. McMillan and H. S. Loefer, engineers of the concrete division of the board now en route to San Francisco, with C. C. Brush, naval architect of the board, where they will conduct tests of the big concrete ship Faith. Upon the success of these tests rests the future of the ships to be built on the Pacific Coast.

The Emergency Fleet representatives will inspect conditions at San Diego, which is making a determined effort to have one of the yards for concrete ships located there. Officials in Washington say that there is danger that San Diego is too close to the Mexican line for safety, that the harbor fortifications are not complete, and that dredging expense will be necessary for any site selected at San Diego.

An site was agreed upon yesterday by the Harbor Commissioners and representatives of Carl Leonard, by which ten acres of water front land on the west side of the west basin opposite the plant of the Los Angeles Shipbuilding Company at the harbor will be leased from the city, on which will be erected a plant in which will be built concrete ships. The Carl Leonard Company will pay the city \$4900 a year rental.

Traffic Manager Matson of the Harbor Commission said: "The permit stands approved and after the permit is granted a start in the permit law, work will be started. We are all very anxious to do everything we can to start this plant and all other plans going."

"I notified Chairman Hurley of the Shipping Board of the idea in the United States said last night at the Clark Hotel that her husband inaugurated the plan two years ago in his factories in Chicago and Cincinnati, where 3000 men are employed."

Mr. Armstrong is head of the Baldwin Piano Company and upon her recommendation the United States government adopted the plan. Mrs. Armstrong said that her husband will arrive in Los Angeles within two weeks.

W. W. Phelps.

He commented: "This is of my own doing. I took the money and I'll pay the price—probably with my life, because I do not expect to live long. I have plenty of friends in Los Angeles and Riverside, and I would not be hard for me to raise, but I'm in jail to stay till I have wiped out the score."

BANK STATEMENT. Immediately after Phelps left for Los Angeles, the directors of the National Bank of Riverside held a meeting, after which they issued a statement to the bank depositors as follows:

"At a meeting of the board of directors of said bank, held this 24th day of April, 1918, W. W. Phelps, a director in the Riverside held a meeting, after which they issued a statement to the bank depositors as follows:

FLAG DEAL MAY CAUSE ARRESTS.

Mayor Orders Investigation of Suspected Swindle.

Transaction's Official Tone Meets Repudiation.

Plans for Patriotic Affair Proceed, However.

Following the expose by the Merchants and Manufacturers' Association of alleged unscrupulous tactics employed by persons who solicited contracts for flags to be displayed on May 4, when Los Angeles will officially observe Allied Flag Day, City Prosecutor Widney announced that assurance had been given that the money paid upon the contracts will be returned to all persons who demand it.

The proposition was thoroughly investigated yesterday by the City Prosecutor upon instructions from Mayor Woodman. The latter received a letter from the Merchants and Manufacturers' Association, telling of the imposition upon business men, and demanding that some immediate action be taken. In answering the letter, the Mayor said he had ordered a thorough investigation, and if it appears that contracts have been obtained under misrepresentation, the money will be returned, or prosecutions will be instituted without delay.

REPUDIATE ACTION.
It developed that the solicitors had used the name of Mayor Woodman, President Farmer of the Council and others upon an order blank, which purported to be an official paper from the Los Angeles Flag Day Committee. The Mayor and Mr. Farmer, however, have no knowledge of the circulation of such order blanks, and both asserted that they had nothing to do with the naming of the committee.

City Prosecutor Widney stated that one of the promoters of the scheme had been called to his office, and he admitted that his solicitors had overstepped their authority. It was suggested by Mr. Widney that the only proper thing to do is to return the money paid by the business men, and it was agreed that each of the subscribers will be visited by a committee to-day.

President Farmer said last night that notwithstanding the regrettable mixup over the matter of the sale of flags, the celebration will be held and he believes it will be one of the most patriotic demonstrations of the year.

SOLDIERS TO PARADE.
Arrangements were made yesterday with the Pacific Electric Railway to transport sailors and soldiers to the Harbor, and more than a dozen companies, including motion-picture companies, will provide floats for the parade.

"It is of no concern to me nor any other person connected with the arrangements for the celebration, who supplies the flags for the day," said President Farmer. "It is to be hoped, however, that there will be flags floating from every house-top and building in the city. The flags may represent the six principal countries of the Allied group, or they may be individual flags. What I wish to impress upon the public is that Allied Flag Day will be celebrated, and it will be a big event."

TO ASK PROBATION.
Youth Who Burglarized Produce Company's Office Expected to Plead Guilty.

Eighteen-year-old Richard Whalen, who is alleged to have stepped from a train at San Bernardino on April 13 with his pockets bulging with silver, was given a preliminary examination yesterday by Justice Palmer and held to answer in \$2000 bail, charged with having looted the office of the Wheatley Produce Company at No. 328 San Julian street of \$700 worth of checks and \$107.53 in currency and silver. According to Detective Ben McCann, who brought the lad from San Bernardino, Whalen will enter a plea of guilty and ask for probation.

Whalen was discharged by J. B. Wheatley after employment lasted a week. The day following the discharge, he told the detective, he returned to the office, and noticing the safe open, withdrew all the available cash and checks. He threw the checks into a garbage can, it is said. When arrested he still had \$125 in his possession. The Wheatley company was not aware their safe had been burglarized until notified by the police.

WE'RE ONLY FIFTEENTH IN THRIFT-STAMP SALES.

IN MAKING public an official report received yesterday from the United States Treasury Department, G. A. Davidson, director of the National War Savings Committee for Southern California, called attention to the standing of Southern California as fifteenth in the list of fifty-seven districts in per capita contributions to the government in War Savings and Thrift Stamps.

"It is certainly not a cause for rejoicing," said Mr. Davidson, "that we are somewhat ahead of the northern part of the State, which ranks twentieth. We have the wealth, and we have the patriotism, practical and unfinching. But something is lacking to arouse our people to the pressing need of a steady income for the government to be met through the sale of War Savings and Thrift Stamps. This nation has to raise \$2,000,000,000 before the end of the year in War Savings Stamps and Thrift Stamps. The money is needed to pay the expenses of our shipping programme,

Liberty Bonds.

"DOUBLE YOUR BIT" TO BE LOAN SLOGAN NOW.

Great Effort to be Made to Put Los Angeles in Front—Tomorrow will See Special Drive.

WHILE all the usual channels of campaign activities will be used in the work today for the third Liberty Loan, an especial effort is to be made tomorrow—Liberty Day—by reaching heretofore untapped sources and also to have subscriptions doubled by persons who are well able to make 100 per cent. more of Uncle Sam's securities than they now have.

The wording of the poster everywhere seen, "Double Your Bit—Make It Two Bits," will be applied to the campaign work of the next few days. "Double your subscriptions" will be the slogan, and those who have not yet been reached are urged to take the initiative themselves, to look up some subscription booth and be their own solicitors.

Chairman Henry S. McKee, in his statement yesterday, said: "There are lots of men in Los Angeles who subscribed for \$500 and \$1000 in Liberty Bonds who should have subscribed \$1,000 and some even as high as \$10,000 in these government securities. This is not the kind of support and patriotism that will win the war for the United States. This is not the spirit of the men who are today offering their lives for their country in the trenches overseas."

"They are our boys, and are fighting your fight so that you and your family will enjoy the peace and prosperity possible only under the banner of Liberty such as today flies over our country. If they hesitated about doing their best in the front line, the fight would soon be transferred to America. You are the warrior at home, and your part is to back up to your utmost the men over there. Friday is Liberty Day. Go to your bank and make the subscription that your prosperity and your duty demand."

TOTALS NOW.
Following are loan totals to date as announced at noon yesterday:

COURTS TO ADJOURN.
The judges of the Superior Court decided at a meeting yesterday to adjourn at noon tomorrow, complying with the suggestion of Gov. Stephens, the time to be devoted by the clerks and bailiffs to working for the Liberty Bond sales.

The reports of the house-to-house canvasses up to yesterday noon showed a total sales Thursday of \$41,350. The reports of the house-to-house canvasses by the industrial organization, with John S. Miller as chairman, showed subscriptions amounting to \$93,500. Among the results for the day obtained through this channel were the following: dentists, \$2,000; printers and engravers, \$11,500; real estate agents, \$1,500; apical counties, \$1,000; associations, \$4,000; factory agents, \$2,000; publications, \$3,000; county workers, \$1,500; ice and cold storage, \$1,500; educational, \$1,000; professions, \$2,700; public utilities, \$2,000; foreign committees, \$1,000; Trade Council, \$2,500; wholesalers, \$2,500; pottery, \$1,000; artists, \$1,250; dressmakers, \$3,000; Moose members, \$4,000.

IN FOREIGN COLONIES.
The Woman's Committee headquarters yesterday reported that good results are being achieved in the foreign colonies by the women workers, and that numerous subscriptions for \$50 bonds are coming in from Ann, Mary, Elizabeth and Gless streets, particularly, and from other portions of the foreign colonies.

Mrs. L. B. Allison reported to the headquarters yesterday that her Japanese gardener had subscribed \$1,000.

Buy More!
Motley H. Flint, chairman of the National War Savings Committee for this county, issued a warning to the public yesterday, and urged that every citizen take personal responsibility in the work of providing an unending steady income for war necessities or else find California behind the rest of the nation. At the suggestion of Mr. Flint, thousands of employees in manufacturing plants and business houses were calling for envelopes and cards which enroll them as steady contributors to the war fund. The plan is this: The worker signs a card which he hands in to the cashier or paymaster of the concern for which he works, and this carries a request to deduct a stipulated amount each pay day for War Savings Stamps or Thrift Stamps. With the card there is a coupon of envelope to be used at the pay window. Each envelope carries printed matter setting forth the amount of War Savings Stamps or Thrift Stamps contained therein, and is handed out with the workers pay, from which the agreed sum has been deducted.

FOR FUNERAL OF MRS. THOMAS HUGHES

WIFE OF GOV. STEPHEN CAMPBELL HUGHES AFTER LONG ILLNESS

Funeral services for Mrs. E. Hughes, wife of Thomas Hughes, manager of Gov. Stephen Hughes' campaign, will be conducted at 1 o'clock today by Rev. Baker P. Lee, Pierce Bros. chapel. Burial will be in Evergreen Cemetery.

The pallbearers will be Mr. K. Hulla, Frank D. Owen, Robinson, Owen McAleer, Robinson and A. L. King. The honorary pallbearers will be Mayor W. Burnham, W. R. Dickman, W. H. Haskell, G. M. Griffin, A. Gould, A. O. Kellher, Mr. Kamp, John B. Reeves, E. A. Dr. William Dodge and Charles T. W.

Mrs. Hughes was formerly of E. Sweet. She was born in the town of New York, but not her birth date. When she was a young child her parents and she went to live with relatives in the city. Her mother's records were destroyed by the fire of Mrs. Hughes' home.

Mr. and Mrs. Hughes were married in 1881. She was a member of the Ethel and Friday clubs and was loved and admired by a great number of the women of the city. Mrs. Hughes had been ill for two years and the last eight months was confined to her bed. She was forced to the California Hospital a week ago, where she died.

Hughes home, Vista del Mar, Palms.

Besides her husband, Mrs. Hughes leaves a sister, Mrs. Sadie Hughes, who lives in this city. There were no children.

REFORMERS CRITICIZE CIVIL SERVICE ACT

Dr. John R. Haynes, Francis Kellogg and Walter E. Russell, acting for the so-called League, yesterday adopted resolutions criticizing the acceptance of the resignations of Louis M. and W. T. Craig from the Civil Service Commission. They declared the action "unjustified" and "a violation of the principles of the civil service act." The resolutions were adopted by a vote of 10 to 2.

HELL WILL RULE YOU

He Will Rule You

if you falter in your determination to do your part. Our boys already have experienced suffering and death on land and sea—defying bullet, shell and the tortures of POISON GAS. They have willingly given their lives "away off there in NO MAN'S LAND," fighting valiantly, to keep the monster—KAISERISM—from YOUR home.

And Yet—

There are Americans who do not realize that their very existence as freemen and freewomen is at stake. If you are one of them—WAKE UP! Get into the fight TODAY and do your part. You're not safe until KAISERISM with all its evil influence is forever crushed.

Don't think that your safety lies in distance. Unless you do your duty as an American, YOUR fate will be no better than that of the unfortunate peoples of Europe who now suffer under the MAILED FIST of KAISERISM. Your support is vitally necessary to the success of the BOYS OVER THERE.

Buy a Liberty Bond Today and Wear This Emblem of Patriotism

Every Liberty Bond---a Weapon Against Kaiserism

Now that we have ungrudgingly aligned ourselves in this conflict with the nations contending for a better, grander, nobler world, it is time for YOU to show your patriotism—NOT BY WORDS but BY ACTION! YOUR help is needed NOW more than ever before. It is far better to pay for a LIBERTY BOND—the price of FREEDOM and DECENCY than to pay TRIBUTE to KAISERISM!

WHAT'S YOUR FREEDOM WORTH? You must choose today for yourself and posterity—FREEDOM or SLAVERY. Your dollar today will tip the scales on the side of right. Your failure will tip the scales on the side of might. You owe it to your country, to your family and to yourself, to act NOW! BUY LIBERTY BONDS TODAY!

Spend for Your Country and Get it Back With Interest—Be a Patriot
